K2 Infragen Limited Bags Highway Project worth 48.34 Crore

16th January 2025, Gurgaon: K2 Infragen Limited, a prominent player in India's infrastructure and EPC sectors, has bagged an order of Rs 48.34 Crores for the "*Strengthening of existing two lane road from km 0.00 to km. 56.480 Ghazipur - Zamania - Saiyad Raja NH-97 (New NH – 24) in the state of Uttar Pradesh on EPC MODE*". The contract from NHAI was awarded to M/s PPP Infrastructure Pvt Ltd. and shall be executed by K2 Infragen Ltd. The company's robust sales pipeline has expanded to ₹1000+ crore , reflecting the momentum it has gained in all the infrastructure verticals in which it operates. With a strong project sales pipeline and ambitious goals, K2 Infragen is looking at consistent sustainable growth over the next 3 years fuelled by strategic expansion across India and key regions, including Africa.

Commenting on this milestone, Mr. Pankaj Sharma, Managing Director of K2 Infragen, stated, "I am delighted on award of this prestigious project which shall help K2 to get the required credentials from NHAI making it eligible for direct or JV biddings for larger road projects in the coming year. This order is the largest single road contract awarded to K2 Infragen having direct interface with NHAI and shall pave the way for larger 500 Cr+ road projects in the future. We have strong technical capabilities & financials to execute larger highway projects and this is just a beginning".

K2 Infragen has been at the forefront of several major infrastructure initiatives in India. Notably, the company is striving to play a key role in connecting India through NHAI projects , contributing to critical road development projects across the country. The company is also a key player in the Jal Jeevan Mission, working to enhance water supply infrastructure and improve access to clean drinking water nationwide. In addition to these flagship projects, K2 Infragen has entered the Transmission & Distribution (T&D), Solar EPC & Railways sector. These projects include the construction of substations, OHE, transmission lines and distribution networks and large multi MW solar projects which are vital to improving India's energy infrastructure and meeting the growing demand for electricity.
