K2 Infragen Limited bags 67.61 MWp Solar Project in Gujarat

Gurgaon, 25th March , 2025 - K2 Infragen Limited, one of the fastest-growing players in India's infrastructure and EPC sectors, has secured a solar EPC project (With supply of BOS material) contract of 67.61 Mega Watt DC in Gujarat. This mega solar project is a part of 450 MWp project being developed by Coal India Limited in Khavda, Gujarat. K2 Infragen gets this contract from KPI Green Energy Limited.

This order further strengthens K2 Infragen's portfolio in the Power Infrastructure sector. With this addition, the company's total order book under execution now stands at INR 578.54 Crores, providing strong growth visibility.

Commenting on this milestone, Mr. Vineet Sharma, Vice President – Business Strategy & Corporate Affairs at K2 Infragen, stated; " This order in Solar EPC space displays the potential and intent of the organization to operate at scale in all the domains of infrastructure. We have already mentioned earlier that K2 Infragen targets to be an aggressive player in Power Transmission & Distribution along with Renewable Energy verticals. While the scheduled completion is set for June/July' 25, we expect to complete the installation & commissioning of this project within H1 25-26. The company also continues to secure significant contracts of NHAI while diversifying into the Transmission & Distribution (T&D) and Railways sectors. We have developed in-house expertise across design, procurement, and construction supervision, delivering comprehensive EPC solutions spanning renewable energy, roads, railways, water supply, and civil construction."

Additionally, K2 Infragen is actively engaged in discussions with large financial institutions to enhance its banking limits, which will enable the company to:

- Execute the current order book efficiently.
- Continue bidding for attractive opportunities across various infrastructure verticals to further expand its order pipeline.

With a continuously expanding sales pipeline and enhanced execution capabilities, K2 Infragen is on track for consistent, sustainable growth over the next three years, driven by strategic expansion across India. The company is also making steady progress towards its vision of becoming a multi-sector, diversified infrastructure EPC player.

About K2 Infragen

Founded in 2015, K2 Infragen is a key player in India's infrastructure development. As an integrated EPC company, it specializes in power and project engineering, delivering large-scale projects across eight Indian states with a focus on quality work and timely completion. The company serves a diverse clientele, including North Western Railways, NHAI, Hindustan Copper Ltd., Vindhya Telelinks Ltd., L&T, TATA, HG Infra, and GR Infra. K2 Infragen offers a comprehensive suite of services, from project design & execution in Power T&D, Renewable Energy, Roads, Railways and Water Supply Infrastructure Projects . With operations spanning across Gujarat, Uttar Pradesh, Rajasthan, Bihar, Madhya Pradesh, Odisha, Haryana, Karnataka and Delhi NCR, K2 Infragen continues to demonstrate strong adaptability and execution

capabilities. Committed to quality, timely delivery, and exceeding client expectations, the company is well-positioned to make significant contributions to India's infrastructure growth.
